COURSE SAFETY POLICY

1. Adverse Weather

The course may be closed, or play suspended, when extreme and /or adverse weather conditions occur and damage to the course, or risk to personal safety would result if play were permitted. In conditions of fog, play is considered dangerous if visibility falls below 200meters. When lightning is seen in the vicinity of the course, a klaxon may be sounded, and no play is to commence until a period of 15minutes from the last lightning strike/ thunderclap has been observed. It is incumbent upon each member or visitor to assess the risk and ensure that they take appropriate measures to ensure safe passage from the course.

2. Public Right Of Way

All golfers must give way to the users of the public right of way which runs through the course from the "White House", crossing the practice area, the 16th Fairway and along the wall adjacent to the 7th, then 3rd/12th Fairway towards the 4th/13th Tees.

3. Warning Bells

Warning bells are provided on the 1st/10th, and 18th hole to advise players that the green has been cleared and on the 18th to warn of players preparing to tee off. All players are requested to use these bells.

4. Players and Green Staff

During the early part of the day players are asked to give priority to the Green's Staff. After the course preparation, Green's Staff are to give priority to player. When the flag has been removed by the Green's Staff, this indicates the hole is out of play. Players are asked to wait until it is replaced which will indicate the hole is safe to play again.

5. Notices To Members And Visitors

WhatsApp messages and/or on external notice board show when ;

- a. Chemicals are being used on the course
- b. Abnormal work is in progress
- c. Greens are in temporary /winter use
- d. Restrictions apply to the use of buggies
- e. Micro Tining is in progress
- f. Preferred lies are in play
